

# SOUTH BRUNSWICK SCHOOL DISTRICT

## *Budget References & Resources*

For the last 4 years we have been speaking with the community about the fiscal challenges the district is facing due to the State funding formula known as S-2. On October 12th as part of the scheduled School Board meeting, we will be presenting a comprehensive update on the current state of affairs as it relates to the budget and impact on our school community. Topics regarding health insurance, transportation, extraordinary aid and all aspects of the budget will be covered.

Please note that there will be an opportunity for questions from the public on matters pertaining to the budget. This meeting will be held at Crossroads North and will be available in live stream for those at home. This meeting along with all Board Meetings can be accessed on the website prior to the start of the meeting at [www.sbschools.org](http://www.sbschools.org). Please remember that all public comments and any questions during the Budget segment of the meeting will be accepted in-person only.

For those looking for information in advance of the meeting, we have put together the following links where you can access previous budget presentations, articles on State funding and other tidbits that can help anyone to learn more about the issues. I do apologize for the vastness of this information, but this is not a new phenomenon and one we have been working with for over 4 years. If you do have questions after sifting through, feel free to bring those questions to the meeting. We hope to see you there.

We have categorized the links for you so you can prioritize the areas of highest interest.
